IN MUSIC... contrast is desirable

BY THE contrast of instrumental timbre, the contention of rhythm, and the use of opposing dynamic effects the spirit and brilliance of a musical score are revealed.

But this contrast which so enriches our musical masterpieces is the target for attack in prosthetic dentistry. Success in dental research is measured by reduced contrast in the development of denture materials to blend unobtrusively in the mouth. In this respect, LUCITONE has gone beyond hoped-for-goals.

Its soft, translucent coloring "borrows" life from the tissue it conceals. Against the natural gums it is nearly undetectable because it is indistinguishable. This "lifelike" identity is sensed by the wearer. It results in restored self-confidence.

Contributing to this feeling of confidence is the "neutral" character of LUCITONE. It is without taste and odor. It feels fresh. The mouth does not have to adapt LUCITONE through warmth or moisture. LUCITONE is at once a part of its environment.

**Bureau of Medicine and Surgery Announces
Establishment of Dental Division**

Public Law 284 Authorizes Change

On June 28, 1946, the Navy Department announced the reorganization of its Bureau of Medicine and Surgery. A Dental Division has been established which will pass on all matters relating to dentistry. Thus, after repeated needling by dental groups everywhere, Congress has seen the light. Under the somewhat illusory title of Public Law 284, it has authorized the Secretary of the Navy to provide for greater integrity of the dental service. This means that the Navy will provide for the establishment, on ships and shore stations, of dental services under the senior dental officer, who will be responsible to the commanding officer for all professional, technical and administrative matters in connection therewith.

DENTAL DIVISION

All matters pertaining to dentistry shall be referred to the Dental Division. It shall (1) establish professional standards and policies for dental practice; (2) conduct inspections and surveys for maintenance of such standards; (3) initiate and recommend action pertaining to complements, advancement, training, assignment and transfer of dental personnel; and (4) serve as the advisory agency

for the Bureau of Medicine and Surgery on all matters relating to dentistry.

CONTROL BY SENIOR DENTAL OFFICER

The care and treatment of all dental conditions will be directly under the control of the senior dental officer. Medical officers will refer dental conditions to dental officers when available. For medical assistance in unusual and emergency situations, and for organization and training for battle, dental personnel and equipment will be under the command and control of the medical officer when so assigned by the commanding officer.

Dental supplies and equipment required for the maintenance and operation of the dental department will be issued directly to the senior dental officer by issue voucher.

These, in substance, are the new regulations that the 79th Congress has written into Public Law 284. It will take a little time to make the changes and in the meantime the Navy Department has directed all members of the naval service to "employ their best efforts to provide that the changes required shall be so effected as to maintain efficiency and economy."

Veterans to Receive Dental Care from Private Dentists

Fee Schedule Eminently Fair

The Veterans Administration, working in harmony with the representatives of the American Dental Association and the Illinois State Dental Society, has invited dentists in private practice to participate in its program of dental care for veterans. All veterans of World War II are entitled to this service if their dental defects are service connected. The veteran must file a claim, however, within one year of date of discharge. This claim may be made by a letter addressed to the Veterans Administration, Regional Office, 366 West Adams Street, Chicago 6,

Illinois.

The fee schedule which follows is the result of painstaking investigation by the officials of the Veterans Administration. They sought the advice of the Economics Committee of the American Dental Association and showed an excellent spirit of cooperation.

Any ethical dentist may apply for an appointment as Participating Dentist. All he need do is make his request through the State Society Secretary, Dr. L. H. Jacob, 634 Jefferson Building, Peoria 2, Illinois.

VETERANS ADMINISTRATION SCHEDULE OF FEES—DENTAL

	Recom- mendation
Examination and Execution of Form 2570 (See Note 1).....	\$ 4.00
Radiographs:	
Single (up to and including 7 films) First, \$2.00; Subsequent.....	1.00
Series (8 films to and including full mouth) Series.....	10.00
Intra-Oral, Occlusal View, Maxillary or Mandibular, Each.....	2.00
Superior or Inferior Maxillary, Extra Oral, One Film.....	6.00
Superior or Inferior Maxillary, Extra Oral, Two Films.....	7.50
Professional visits to bedside (See Note 2).....	6.00
Special Consultation Fee, necessity to be shown.....	10.00
Prophylaxis (To include scaling and polishing of teeth), Per treatment..	4.00
Treatment of Pyorrhea, Per treatment.....	4.00
Microscopic Examination for Vincent's Infection.....	2.00
Vincent's Infection:	
First treatment (See Note 3).....	5.00
Subsequent treatments, Limited to four, Each treatment.....	2.00
Emergency treatment, Palliative.....	2.00
Extractions: (See Note 4)	
Single with local anesthesia (See Note 5).....	3.00
Impacted teeth (See Note 6).....	10.00-30.00
Post-operative treatment not covered by flat fee—On supplemental authorization with necessity shown.....	2.00
Anesthetics:

NEWS AND ANNOUNCEMENTS

INJUNCTION PROCEEDINGS AGAINST BEST DENTAL LABORATORIES

On July 23 Attorney General George Barrett filed suit in the circuit court asking that L. L. Juliano, owner of Best Dental Laboratories, be enjoined from further practice of dentistry. The suit charges that he is practicing dentistry without a license.

This is the first time that an attempt has been made to enforce the new section of the Dental Practice Act which permits injunction proceedings. Heretofore officials have had to resort to criminal prosecution of illegal operators. This action will provide a test of the validity of this section of the law.

Application for a temporary injunction was presented to Judge Cornelius J. Harrington of the Circuit Court by Assistant Attorney General William C. Wines. Judge Harrington has referred the matter to a master in chancery and it is expected that the master will hear the case in the near future.

DENTAL WELFARE IN NORWAY

World War II appears to have reduced the incidence to decay in Norway to an appreciable extent. At a recent meeting of the Norwegian Dental Association, as reported in the journal of the American Medical Association, it was pointed out that there was a remarkable uniformity in the reports from widely separated parts of the country on the diminution of dental caries. This diminution may possibly have depended upon a wartime dietary, in which coarsely ground flour, increased consumption of vegetables, shortage of sweets and special provision

for milk to expectant mothers and children have played a part.

At this same meeting it was brought out that two-thirds of the population of Norway live in the country districts and yet two-thirds of the dentists practice in cities. The Government recently has appointed a committee to investigate the problem of dental welfare in country districts where only a minority of school children receive proper dental care. The problem is definitely a matter of education for the public regards dental welfare as a cosmetic luxury comparable with the cult of the lipstick and not connected with elementary hygiene.

DR. CHESTER J. GEDULDIG 1894-1946

Dr. Chester J. Geduldig passed away on May 30, 1946. He graduated from the College of Dentistry, University of Illinois, in 1919. He joined the Chicago Dental Society the following year. Dr. Geduldig practiced at 3600 Irving Park Boulevard and was a member of the Northwest Side Branch. He is survived by his wife, Ruth, and two daughters.

DR. ROY M. YOUNG 1888-1946

Dr. Roy M. Young, a member of the North Suburban Branch of the Chicago Dental Society, was killed in an automobile accident near Gary on July 8, 1946. He had practiced in Evanston for thirty-five years.

Dr. Young was graduated from Northwestern University Dental School in 1912. He had previously attended the University of Illinois, where he won distinction in football. He later coached at Northwestern for two years. Four sons survive him.

EDITORIAL

INSURANCE

The official plan of accident and sickness insurance which has been adopted by the Chicago Dental Society is now in its second year. Over fifty per cent of the members have been enrolled and the program is a definite success. Inasmuch as many service members have returned to practice since the inception of the plan it might not be amiss to recount some of the benefits of this type of insurance. Incidentally all claims to date have been paid to the entire satisfaction of the policyholders and in remarkably short time.

Group insurance was talked about for a number of years in Chicago Dental Society circles before anything was done about it. Evidently no one could be found who was willing to tackle the job. Two years ago while he was Vice President, President Humphrey accepted an appointment as Chairman of the Insurance Committee. He and his committee immediately went to work, and all of the major companies who specialize in accident and health insurance were asked to submit policies. After long and exhaustive study, the committee came up with the plan which is now in use.

The Chicago Dental Society plan is a broad coverage and is non-cancellable as long as it is in force in the Society. In other words, policies can be cancelled only for non-payment of premiums or ceasing the practice of dentistry or ceasing membership in the Society. The plan is the lowest cost accident and sickness insurance that it is possible to obtain. The weekly benefit is payable from the eighth day of disability and extends for two years. Service members who enroll within sixty days after return to civilian practice will be accepted without having to prove insurability. After that time they will have to fill out a detailed application such as the underwriting rules require.

Two problems, at least, confront the dentist today. One is the decline in interest rates, which makes investments somewhat precarious, and the other is the increase in the cost of living—or had you heard about that? Anyway, the point is that inflation is either here or just around the corner.

This is a time when no dentist can afford to be laid up for any length of time. Office expenses and living expenses go on just the same. Insurance, then, is the only way out. Perhaps you are one of the fortunate few who carry adequate accident and sickness insurance. But if you're not, take out a group policy today for tomorrow may be too late.—*James H. Keith*.

1946 Alphabetical Roster of Membership

In this issue another portion of the membership roster of the Chicago Dental Society is presented. Please check your name for spelling, address, and branch listing and forward any corrections to the Central Office, State 7925. Retain this issue for future reference.

NEWS OF THE BRANCHES

NORTH SUBURBAN

The big day is almost here. North Suburban's golf tournament is going to be held on the last Wednesday of August, the 28th. It will be held at Northwestern's golf course, which is the old Wilmette club west of Wilmette on Lake Avenue. R. R. Davy and Bob Johnson have a good time planned for all; in fact, they promise roast beef for dinner. Dinner only will cost \$2.50, while both golf and dinner will be \$5.00. This sounds like a pretty good deal. Be sure to send your reservations early. Mail them to A. W. Leaf, 521 Park Drive, Kenilworth, Illinois. . . . North Suburban extends its heartfelt sympathy to the family of R. M. Young. He was killed while on vacation in Michigan. In changing a tire on his car, he was struck by another vehicle driven by a seventeen year old boy. His passing leaves dentistry for the colored people of Evanston even more critical than it was. . . . J. A. Carter finally joined the society of married folks by being wedded to Dorothy Tiner at the First Methodist Church of Evanston. They make a very fine couple and we all wish them the best of luck and happiness. . . . Quite a few of the boys are on vacation, as one would expect at this time of the year. Jim Keith, Editor of the REVIEW, has hied himself to Sayner, Wisconsin, to loaf and forget about dry sockets and secondary hemorrhage. . . . Arnold Thorsen took a one-week cruise on the Great Lakes, while Ray Thorsen has invaded Canadian fishing waters for three weeks. . . . E. F. Bommersheim was at Waupaca but he was so secretive about what he did that one begins to wonder. Bill Mayer, on the other hand, expounded at great lengths about the beautiful place in the upper peninsula of Michigan where he spent his three weeks. Bill sent back a good size box of lake trout caught in Lake Superior. . . . Pat Crowe caught his share of trout

while spending ten days in Winnipeg, Canada. . . . Charlie Baker idled three weeks away at Tomahawk Lake near Minocqua, where he has had his own cabin for some years. . . . F. E. Grover spent some time out west at his own place in the mountains of Idaho. He made side trips from there to several of the national parks in Utah. He described mountain golf as being a little rugged; so much so that he believes blueprints should be made of the greens and mountain goats should be used as caddies. . . . George Postels is spending his time off at his place in Summit Lake, Wisconsin, while H. K. Cook is making plans to head north later in August. . . . Howard Dunn is shooting the works by spending the entire month in California. . . . Alderman Roger Williams of Palatine is on vacation in Canada with the mayor of his town. Guess he is cooking up something because we have heard that Roger is quite a cook. . . . With all the boys gone away, I feel as lonesome as can be.—*Edward J. Sullivan, Branch Correspondent.*

KENWOOD-HYDE PARK

Having no contacts with anyone in the three weeks that your scribe was vacationing, news is rather scarce. Therefore, as Kenwood-Hyde Park failed to have a column in the past FORTNIGHTLY REVIEW because of a misunderstanding with an assistant correspondent, I am going to plague our members with a résumé, and possibly a helpful hint or two of my trip to the West. When Horace Greeley said to a fellow conversationalist, "Go West young man, go west," Horace knew what he was talking about. There is nothing so delightful, cool and enjoyable to me as the West. Having been my first trip, I was simply amazed at the vastness and beauty of our great West. In leaving we traveled westward to Waterloo, Iowa, and this is where the first helpful hint

may be found. I telephoned from Waterloo to Fort Dodge, Iowa, about 100 miles, for a reservation and succeeded in getting accommodations. This procedure became a regular occurrence from this point on as accommodations were rather difficult to secure, and an early reservation always insured us of a place to sleep for the night. Those who did not do this slept in their cars all night. We arrived in the Badlands of South Dakota, and those who have not seen them would be filled with awe at their drab but majestic beauty. Our next point of interest was the Black Hills, including Mt. Rushmore which is now completed. It is certainly an inspiring sight, in combination with the rock formations, scenic drives and beautiful Sylvan Lake. Also, having read of the unheard of wealth in gold, silver, copper and many minerals and ores which are so vital to our way of living, one would appreciate just what he was driving on and in. We then left the Black Hills for our drive over the Big Horn Mountains. Driving was rather easy as the grades are not too steep, but at this point of the trip it was necessary to buy a canvas water bag, not only for use in refilling the radiator, but also for drinking purposes, as places to stop became far and few between. Mountain driving is not hazardous, as many believe. Everyone is very careful, and slow driving is the rule and not the exception. Natives of the surrounding country say that fewer accidents occur in the mountains than on the open highways. This stretch of the Big Horn Mountains is about 83 miles. We then came to the flat, but different country of Wyoming. Gillett, Wyoming, was our next point of interest. This was a true old western town. The cowboys with their chaps, multi-colored shirts and dust rimmed hats, appeared just as you see them in the movies or read about in books. Our next stop was Cody, Wyoming—Buffalo Bill's home town. This would be my choice of a place to live if I were to go West. Primarily it is a tourist town, clean and modern, with all up-to-date city conveniences. Besides, the weather is cool. We left Cody along the Cody road to

Yellowstone National Park. This was a span of fifty-three miles of nature's wonders; Shoshone Falls, Shoshone Dam, mountains and canyons at their best. We then entered Yellowstone. Words do not adequately describe the many wonders here—geysers, trout streams, beautiful, colorful canyons and falls. We stayed at Canyon Hotel, which is really something out of this world! No fishing license is required in Yellowstone and mountain trout is your reward. Just step out of your car on the side of the road and cast. Food is excellent; no shortages of meat or butter, and a large variety from which to choose. We visited Old Faithful Inn, which overlooks the renowned Old Faithful geyser at the Southern end of the park, and Mammoth Hot Springs at the Northern end, and had lunch at both places. The Yellowstone Park Hotels are managed under the European plan and guests are permitted to have their lunches at these other hotels without added cost to their original bill. Bears, antelopes, deer and moose are all in abundance. After three days of sublime enjoyment, we left for Idaho and Nevada. Nevada is the gamblers' delight. Their casinos are palaces and open twenty-four hours a day. Silver dollars are lined up row on row on the dice tables. You can play roulette, black jack, and slot machines or bet on the horses. You can bet any amount with the house or against it. In other words, gamble on anything, anytime or anyway. In Nevada you are also in the Rocky Mountains, and in the ravines, hills and slopes are prospectors, searching as of old for gold, silver and copper, always hoping to strike a bonanza. Leaving Nevada, our next stop was Salt Lake City, Utah. Here we visited the Mormon Tabernacle and listened to the largest organ in the world. We toured the city, and found that the Mormons certainly know how to maintain one. We then traveled eastward to Denver, Colorado Springs and the Royal Gorge, and, again, words fail to describe the fathomless beauty. Leaving Colorado and entering Kansas, the temperature rose to 120 degrees. This was made partly

bearable by driving with the windows closed and just the cowl open to give us a slight ventilation. Our next point of interest was Hannibal, Missouri—Mark Twain's home town. Many historic scenes were seen there. We then left for home and Chicago. The complete trip covered 4,900 miles, and took twenty-one days, but on eight days we did no driving. We split our time so as to spend two days in Cody, two days in Yellowstone Park, two days in Nevada, and two days in Salt Lake City. This broke the ordeal of continuous driving and turned the trip from work into a real pleasure. . . . If there are any other members of Kenwood who would like to relate their trips, please give your scribe a ring.—*Lawrence H. Johnson, Branch Correspondent.*

WEST SIDE

It's VACATION TIME! A time for all hard working men to pause, relax, rest and play. The following subscribed to this idea and headed for the wide-open spaces. . . . I. S. Miller is spending the month of August motoring thru the East, the New England states and scenic Canada, with stopovers at interesting and historical points. . . . W. E. Kelly packed up his grip and headed for Fort Williams, Canada, to witness a breathtaking stunt, "Going over the Kagabec Falls in a barrel," by his famous cousin, "Daredevil" Kelly. . . . Joseph S. Gorman boarded the "Hiawatha," for a trip to St. Paul, Minnesota, to visit his family and try his fishing luck at the various lakes. . . . George Barnes is touring the scenic West and will stop over in Texas to inspect his OIL HOLDINGS. . . . Max Chubin is vacationing at Union Pier, Michigan, where his sons, Myron and Merle, are establishing a beach-head. Major Chubin reports that they are advancing daily and have won every engagement. . . . H. E. Gillogly can be located at Dunham Lake, near Spooner, Wisconsin, where he has been catching his daily limit of northerns, walleyed pike and pan fish to grease the pan. When he is not fishing he is improving his eques-

trianism. . . . A. F. Stark tested his hand-made fly rod at Red Wing, Minnesota, and bagged his limit every day. . . . Henry Luskin is golfing, bathing and sunning himself over weekends at Lake Elkhart, Wisconsin. . . . R. J. Bailey is dreaming about his fishing days and is taking life easy. . . . W. A. Whittaker is making Bailey's dreams come true at Big Sandy Lake, Minnesota. Bass is his specialty. . . . Sid Goren heard that Mercer, Wisconsin, is yielding prize muskies, so he decided to track down the "Kingfish." . . . Louis Postilion is enjoying his summer sports at Manitowoc, Wisconsin. . . . R. F. Tuck and his family are vacationing at Conklin's summer residence in Canada. . . . A. J. Sells found a mermaid, "Leo Cahill," at Blackhawk Beach, Starved Rock, Illinois. . . . Michael DeRose is taking out the walleyes and putting back the bass at Rest Lake, Wisconsin. When not fishing, Commodore DeRose is sailing if the weather permits. . . . Sam Rakow is visiting his family and boyhood haunts at Fargo, North Dakota. . . . From the "WHAT NOW?" cartoon by F. T. Barich in the August 1 FORTNIGHTLY REVIEW, I assume that Fred is giving himself and the MOLARS a well-earned rest period. . . . This is only a bird's-eye view of how and where some of our members are spending their vacations. Many have not made their whereabouts known, but it is assumed, after a five-year layoff, they are again motoring the countryside, learning the famous shaving cream slogans, familiarizing themselves with Lions and Rotary Club meeting dates, reading the latest census results and consulting maps. To these itinerants we say, "happy highways!" . . . It is indeed tragic and shocking to learn of the death of one of our young members, Irving Charles Goldberg, age 39. Having recently been discharged from the army, after serving forty months, he was making preparations to reestablish his civilian practice. He died July 26 at the Veterans' Hospital following a heart attack. The West Side Branch extend their sympathies to his wife, Saralee, and his family.—*Maurice C. Berman, Branch Correspondent.*

NORTHWEST SIDE

Just a reminder to those of you who overlooked reading the recent article in the Illinois Dental Journal on dental care for veterans, which includes a fee schedule to be used. To those who often ask, "What does the dental society do for me?" this is a fitting answer. . . . Sorry to report that one of our best hustlers, Former Nymark, had to spend time at the hospital for treatment of a stomach ailment. Afterwards, his physician ordered him to go to the North Woods for a six-week rest. He was further advised to discontinue evening hours. Some of you fellows had better slow down before you are given similar advice. . . . On the brighter side, Wally Link is the proud papa of a baby girl. . . . Gus Tilley is now a grandfather. His daughter, Barbara Rothwell, has recently given birth to a son, which they have named Daniel. . . . Iver Oveson is spending three weeks touring—of all places, our own Chicago. . . . John Meinhardi has gone to White-hall, Wisconsin, for a six-week rest. . . . Charles Frost feels that Nippersink, Wisconsin, is a fine place to spend a couple of weeks. . . . Ben Ryden, recently back from the army, is fitting up a new office at 5816 West North Avenue. . . . Ed Kula's new location is at 1859 West Chicago Avenue. . . . Theodore Kolczak is at his former location. . . . Our president, Bob Placek, is taking a couple of weeks off to tour Eastern Canada, and just for a little rejuvenation, Niagara Falls is included in his itinerary. He plans to visit Earl Boulger's Retreat in Canada. . . . Chester Stypinski is now out of the army and preparing to really go to work. . . . Jimmie Guerrero showed his guest, Gus Tilley, how to shoot birdies at the Brookwood Country Club. If you can score well at golf, try a watered fairway course, including nice soft sand traps. Play the ball as it lies and find out how that score mounts up. . . . Pete DeBoer took a week off to watch the champions perform at Tam-O-Shanter. I watched them at the Medinah Country Club but it didn't help my score. How about you Pete? Others

trying to pick up pointers at the Medinah Club included Gus Johannes, J. A. McCallum and Lyle McDonald. . . . Where are those tales of the big fishing? The phone is Seeley 7770.—*Gustave J. Tilley, Branch Correspondent.*

NORTH SIDE

Just had word from one of our flying members, Dwight Barcroft, who is vacationing at Curtain Falls, Ontario. The Barcroft party took off from the Waukegan airport and flew to Stevens Point, Wisconsin, then to Duluth, Minnesota, and on up to Ely, Minnesota; from there a chartered hydroplane took them to the Falls. The trip took five and one-half hours. Dwight reports that as pilot and navigator he had some anxious moments over the swamplands north of Stevens Point. He says fishing is excellent and the weather ideal. . . . Robert Janitschke spent a month vacationing in California. . . . Fred Scambler is in Wisconsin casting lures about and teaching minnows to swim. . . . Our deepest sympathy to John Nelson whose wife passed away July 7. Their only son was in Germany at the time and was unable to get home. . . . Our sympathy also goes to Orville Larsen whose mother passed away July 22. . . . Captain Paul Lane died July 13 in the army hospital at Birmingham, Massachusetts. . . . Herman Lasker, another Northsider, passed away recently. . . . **FLASH! WRITE IT DOWN! WHAT?** The date of August 21. North Side golf tournament at the Northwestern University Golf Club in Wilmette. . . . William P. Schoen and family are enjoying a vacation at Baileys Harbor, Wisconsin. In a recent letter Bill reports, "The days are hot, the nights are cool and we are enjoying a swell time." . . . Alfred E. Ericson and wife have just returned from an extensive western trip. The itinerary was the Pacific Coast by way of the Canadian Rockies, then south to Los Angeles and home by way of Carlsbad Springs.—*Orrin G. Baumgarth, Branch Correspondent.* *(Continued on page 22)*

NEWS OF THE BRANCHES

(Continued from page 19)

WEST SUBURBAN

At our golf outing I was elected by your President, Ed Moore, to pinch hit for Branch Correspondent Asa LaGrow. Asa is vacationing somewhere in the United States where some unfortunate fish will be the victim of his bent-wire castings. . . . Sports Chairman Jim McCoy and President Ed Moore deserve a lot of credit for the very successful golf outing they staged at the Nordic Country Club. The golf course was fine and the roast beef dinner was excellent. There were forty-six golfers and they can attest to the success of the outing. Henry Westaby was awarded the first prize for making a birdie on the fourth hole. Other golfers taking top awards for proficiency in a minimum number of swings were Jim McCoy with seventy-four and Lee Walsh with eighty-one. The next in order were Bob Humphrey, Arno Brett, Bob Pollock, C. A. Hanson and W. I. McNeil. . . . Many prizes were awarded holders of lucky dinner tickets which were drawn from a hat by Noel Maxson's son. Robert W. McNulty, President of the Illinois State Dental Society, was one of the lucky recipients of a dinner-ticket prize. . . . Robert Humphrey, President of the Chicago Dental Society, made a gopher hole in one. Arno Brett helped him retrieve the ball after much talk about the "scar-tissue" sandwich he had for lunch. Pete Meehan, Buz Fanning, Freddie Hawkins and Earl Crawshaw played nice golf outside the fairway. . . . Paul Swanson was vacationing in Canada but got back in time for the golf meet. . . . Kelly Frakes kept hand-shaking his newly acquired son-in-law thruout the eighteen holes. . . . C. A. Hanson wore a pretty pink beret to keep his hair in order. . . . Lyle Filek, our genial host, served "Roses" to many of the golfers as he passed them along the course. . . . It was good to see E. G. Walters, F. G. Christopher and Ed Vonesh out swinging their clubs in civvies again.

. . . Joe Lestina acted as inside guard at the dinner and kept the furriers from trespassing in the dentists' dining room by using the password, "Show your teeth or fur." . . . All West Suburban Branch members extend their deepest sympathy to the family of Frank W. Leiner, who passed away.—*Edward F. Kitzke, Assistant Branch Correspondent.*

ENGLEWOOD

Believe it or not, we have a hunting story to relate. We thought that Ora Medsker was the top man in this field of sport but Bill Phillips comes out of his slumber to relate this true story of his hunting ability, and he has scars to prove it. It seems that Bill retired for the night, after a hard day, and in no time was in dreamland. Suddenly out of nowhere a rabbit hopped across his path and into the bushes nearby. Not to be outsmarted by Mr. Rabbit, Bill rushed over to flush Br'er Rabbit out with feet and legs flying. Alas, Bill awoke with cries of pain, robber, etc., to find that he was in the process of kicking the wall out of the bedroom with his right foot. X-rays revealed no serious damage but treatment was necessary for sore toes. It is indeed fortunate that Bill was not "dream hunting" elephants because it would be difficult to foretell the amount of physical and property damage which would have resulted. . . . Tom Starshak and family are vacationing at Pewaukee Lake. . . . Ora Medsker has fully recuperated after an operation. . . . Dick Valentine recently returned from a vacation on the New England coast. . . . Erie Goldhorn is vacationing up in Minnesota. . . . Mike Walsh recently returned from an extensive trip through the East. . . . J. A. Nowlan has a new sailboat to play with at his summer home at Cedar Lake, Indiana. . . . V. W. Seitz is back from the army and has located at Sixty-Third Street and Kedzie Avenue. . . . R. J. Tharp, we understand, is also on vaca-

VETERANS TO RECEIVE DENTAL CARE FROM PRIVATE DENTISTS

(Continued from Page 23)

- (6) Fee for impacted teeth within allowable range determined by authorizing officer according to severity of impaction.
- (7) Radiograph showing completed root canal therapy must be submitted.
- (8) Cement base at discretion.
- (9) Special instructions to be added, permitting use of gold core to build up for a jacket crown, with approval of dental officer.
- (10) The word "Vitallium" was used in the original fee table for convenience in designating type of material, and as a standard of quality. Any similar alloy of cobalt, chrome, etc., with equal physical properties should be acceptable. (Committee recommends use of term cobalt-chrome alloy.)
- (11) Generally, worn or split gold crowns should be remade. In special cases, dental officer may make arrangement to repair a crown with a very small defect.
- (12) Fee for denture adjustment may be authorized when indicated but not to the Designated or Private Dentist constructing the replacement.—Committee on Economics, American Dental Association, January 11, 1946.

Many Chicago dentists will attest to the better results obtained from our MODERN DENTURES AND CAST REMOVABLES.

Less Prosperous Days

The greatest inroads on the present demand for Dentistry will come—not from Dentists returning from Service—but from the high powered sales campaigns of industries making cars, house furnishings, personal items that we all require. Are YOU preparing to meet this situation by building a reserve, mastering your ability to sell your services, educating your patients in the value of Dentistry, improving your office routine to save time, eliminate waste hours? You can place your practice on a sound business basis through the Bosworth Practice Management Plan. Full details are yours for the asking.

SO ARE OLD-FASHIONED TEETH.

Prescribe Austenal MICROMOLD

Teeth—The teeth of to

In the horse and buggy days folks had to be satisfied with old-fashioned teeth and dentures. Dentistry's March of Progress has just begun and there were no better.

Today's greatly improved prosthetic demand—and deserve—better teeth. More natural in anatomy, form and function. Austenal MICROMOLD Teeth were developed to fit this need.

Even a casual inspection will reveal they have made old-fashioned teeth obsolescent. Their complete naturalness, their oral health and comfort will please your patients. You prescribe them with confidence.

Kennedy laboratory service is making a hit with the Dentists of Chicagoland . . . for their batting average in delivering full and partial dentures that fit without finicky adjustments is well nigh perfect. By employing the Kennedy procedure for chair time conservation they cast and process cases that require a minimum of trimming and grinding—usually none at all.

This procedure removes many uncertainties from denture work and it relieves the Dentist of much unnecessary time spent at the chair. It has psychological advantages and a profit side too that is worthy of investigation.

Can you obtain this service? Without additional expense? And without having to learn any new preparatory technic or purchase any equipment? The answer is, "Yes." Just call Kennedy.

smart hands, carefully trained hands . . .
hands content only with
precision work for you.

A replacement . . .
**ALWAYS looks bright and shiny
when it is new !!!**
Does it FIT?

That's the *only* measure of the value of a new replacement to you . . . *does it fit?* If it doesn't fit it is all wrong. It is costly and troublesome to you . . . and *a pain in the neck* to your patient.

When it doesn't fit it is a great disappointment to him; he doubts your ability; he resents the EXTRA appointments required; he becomes (unwittingly) an adverse propagandist for you, and *he tells his world* of the trouble he is having in your office.

In contrast . . . lean on us. Ask *American* to make your replacements. They're good-to-look-at and they're technically correct, too. They're designed by super-craftsmen, they're made incomparably . . . and they **FIT . . . comfortably easy, immediately.**

That **YOU** may make **MORE** money and *you* know well those reasons why . . . when **YOU** . . .
